

# "Building the future together"

## BBI (DBCT) Management Pty Ltd – DBCT 7X Project

### COMMUNITY BULLETIN No. 10

Wednesday 6 September 2006

### VARIOUS PROJECT ACTIVITIES

For your information, the following DBCT 7X Project Activities are planned to commence soon:-

1. ROW 8 CIVIL WORKS

A crushing and screening plant will be re-established in Row 8 in the near future to prepare material for future reclamation work. Some blasting of hard material will be required at a later stage, and details of these blasting activities will be provided to the relevant parties prior to commencement.

2. DBCT 7X PROJECT INFORMATION BAY

The establishment of the Project Information Bay at the junction of Hay Point Road and Horyu Maru Drive is due to start. Minimal impact on Hay Point Road traffic is predicted during this work.

3. PROJECT MATERIAL TRANSFER

Trucks will soon be transferring material from the rail receipt side of the Hay Point Road to the northern side of the road adjacent to the project contractors car park. Minimal impact on the Hay Point Road traffic is predicted during this work.

4. CANE HARVESTING SEASON

Please be aware of cane harvesting vehicles and trains on the regional roads during the current cane harvesting season.
