

"Building the future together"

BBI (DBCT) Management Pty Ltd – DBCT 7X Project

COMMUNITY BULLETIN No. 8

Thursday 25th May 2006

Hay Point Road Traffic Activities

Please be aware that on Monday 29th May 2006, it is planned to carry out asphalt sealing work on the intersection of the new 7X Project Access Road into the site.

This work is scheduled to be carried out between 09:30am & 02:00pm. During this time traffic controllers will be in place & it is envisaged that these minor delays to the Hay Point Road traffic will not exceed 5 minutes at a time.

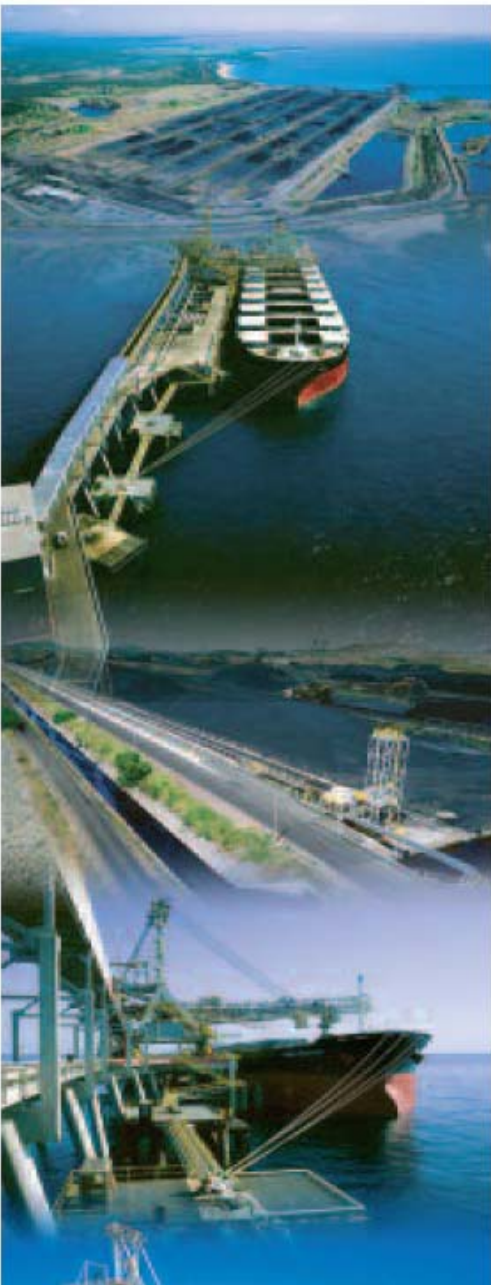

Conveyor S11 Underpass

Please be aware that a new Conveyor Underpass will soon be constructed under the Hay Point Road, between the 2 existing tunnels located between the Horyu Maru Drive & Martin Armstrong Drive.

During the construction period, a temporary two-lane bypass road will be provided to maintain traffic flow with minimal disruptions.

The commencement of these works is scheduled to start within the near future.

A further detailed advice will be provided to all stakeholders prior to any changes to the existing traffic arrangements.
